The information contained in this document reflects the total number of handicapped pupils served by the public schools as reported in the FY'86 Annual Data Report required by Public Law 98-199, Section 618. This federal report is based on the handicapped population reported on the December 1, 1985 Child Count; therefore, the data contained herein cannot readily be compared to previous editions of the Data Report on Programs for the Handicapped. I do hope, however, that this publication will prove useful as a source of information relative to services to handicapped children provided by the public schools of South Carolina.

EDUCATION OF THE HANDICAPPED ACT, PART B
RETAINED FUNDS
FY 1986

Contracts for Direct Service Delivery were awarded to two (2) state operated programs during FY 1986. The purpose of these contracts was to provide direct education services to handicapped pupils of legal school age being served within the agencies. The funding level for each agency was determined by multiplying the child count submitted on December 1, 1984 times the State per pupil amount generated under the flow-through dollars ($258.92). The funds have a contract period July 1, 1985 - June 30, 1986.

Listed below are the child counts and funding amounts awarded to each agency.

Dept. of Mental Retardation	111	$28,740

EVALUATION, DIAGNOSIS AND PRESCRIPTIVE PROGRAM

The State Department of Education, Office of Programs for the Handicapped, has set aside a small portion of the Department's Part "B" funds in order to provide diagnostic evaluations and educational prescriptions for handicapped children exhibiting complex and unusual handicapping conditions. These educational diagnostic evaluations are available through the "Evaluation, Diagnosis and Prescriptive Program" (EDPP) and cannot supplant diagnostic/prescriptive services which are traditionally the responsibility of local agencies.

The diagnostic and prescriptive profiles obtained through this program are designed to be utilized as an aid in planning and implementing individualized educational programs which ultimately accrue to the benefit of the child. Referrals accepted for evaluation are restricted to those children manifesting unusual or complex handicapping conditions.

Diagnostic centers operative during the 1985-86 school year are listed in the chart below with the number of children receiving services.
